The AVOX Systems Unit First Aid Kit line includes bulkhead hanging units for general aviation use on planes of 5 passenger, 25 passenger, and over 25 passenger capacities. The 24-unit kit (P/N 70004-00) meets F.A.A. requirements for commercial aircraft with over 25 passenger capacity.

Units contain antiseptic swabs, ammonia inhalants, individually packaged bandages, compresses, and burn ointment (available on P/N 70004-00 only). The cover of the sturdy, 20-gauge metal case converts to a handy shelf when opened.
